

CODE OF BEHAVIOUR FOR LOOKING AFTER OUR KIDS

BEDFORD JUNIOR CRICKET CLUB

1. Purpose

- 1.1 The Club seeks to provide a safe, fair and inclusive environment for everyone involved in cricket and those participating in programs and services delivered by the Club.
- 1.2 This includes providing everyone involved in the Club and in our sport, including Children and Young People, with a positive and enriching sporting environment that promotes their participation and development in the sport.
- 1.3 The Club is committed to safeguarding everyone involved in our sport including Children and Young People in our care. Part of this commitment to Children and Young People in our sport means that we are inclusive of those from a range of different backgrounds.
- 1.4 This Code of Behaviour aims to identify and prevent behaviour that may be harmful to Children and Young People in our sport.

2. Key Requirements

- 2.1 This Code of Behaviour is underpinned by the following core values:
 - (a) to act within the rules and spirit of our sport;
 - (b) to display respect and courtesy towards everyone involved in our sport and prevent discrimination and harassment;
 - (c) to prioritise the safety and well-being of Children and Young People involved in our sport and associated with our Club;
 - (d) to report any behaviour which is in breach of this Code of Behaviour to help prevent the abuse of Children and Young People in our sport or associated with our Club; and
 - (e) to encourage and support opportunities for participation in all aspects of our sport.
- 2.2 This Code of Behaviour is to be read in conjunction with the Club's "Policy for Safeguarding Children and Young People" (**Policy**).

3. The Code of Behaviour

- 3.1 All persons associated with the Club and who are responsible for the care and wellbeing of Children and Young People in our sport must:
 - (a) ensure all Children and Young People participating in cricket feel safe, included, encouraged and supported;
 - (b) use positive guidance strategies to ensure that Children and Young People are respected and treated fairly, giving positive and constructive feedback rather than negative criticism. If an individual is required to discipline a Child or Young Person, they must ensure that appropriate techniques are used with the safety and wellbeing of the Child or Young Person being considered;

- (c) put the welfare of Children and Young People first by encouraging a constructive environment where healthy competition, skill development, fun and achievement are promoted;
- (d) promote good sportsmanship by encouraging Children and Young People to be considerate of players, officials and volunteers;
- (e) ensure that physical contact with a Child or Young Person is appropriate for delivery of the program or services such as skill development or correction, fitting equipment or to provide comfort or support;
- (f) use appropriate language and communication techniques when dealing with Children and Young People, providing clear direction, guidance and avoiding language that is:
 - (i) discriminatory, racist or sexist;
 - (ii) derogatory, belittling, negative, sexual, profane or offensive; or
 - (iii) intended to threaten or be harmful to the Child or Young Person;
- (g) avoid one-on-one unsupervised contact with Children and Young People at all times;
- (h) ensure change room facilities are appropriately considered to allow for suitable supervision whilst recognising the privacy of Children and Young People;
- (i) not take photos, videos or other recordings of Children and Young People without the prior consent of their parent or guardian. Any photos, videos or other recordings must be in connection with the Child or Young Person's participation in our sport;
- (j) not seek to or contact Children or Young People outside contact that is required as part of the scope of the individual's role in our sport;
- (k) not engage in inappropriate conversations in the presence of Children and Young People, including communication on social media, email or mobile phone;
- (l) not supply alcohol or drugs to Children or Young People or be under the influence of alcohol or drugs when in the presence of Children and Young People. Australian Cricket requires certain standards of behaviour of all persons involved in our sport. Where alcohol is consumed at a Club social event, it shall be done so responsibly.

4. Sexual misconduct

- 4.1 Under no circumstances is any form of 'sexual behaviour' to occur between, with, or in the presence of, Children or Young People.
- 4.2 Engaging in sexual behaviour while participating in our sport is prohibited even if the Young Person/s involved may be above the legal age of consent.

4.3 **'Sexual behaviour'** encompasses all actions that would reasonably be considered to be sexual in nature, including but not limited to:

- (a) 'contact behaviour', such as sexual intercourse, kissing, fondling, sexual penetration or exploiting a Child or Young Person through prostitution; and
- (b) 'non-contact behaviour', such as flirting, sexual innuendo, inappropriate text messaging, inappropriate photography or exposure to pornography or nudity.

5. Positive guidance and discipline

5.1 The Club strives to ensure that Children and Young People participating in our sport are aware of the acceptable limits of their behaviour so that we can provide a positive experience for all participants.

5.2 However, the Club acknowledges that there are times when an individual may be required to use appropriate techniques and behaviour management strategies to ensure:

- (a) an effective and positive environment; and
- (b) the safety and/or wellbeing of Children, Young People or personnel participating in our sport.

5.3 We require all persons involved in our sport to use strategies that are fair, respectful and appropriate to the developmental stage of the Children or Young People involved. All Children and Young People need to be provided with clear directions and given an opportunity to redirect their misbehaviour in a positive manner.

5.4 Under no circumstances are persons involved in our sport to take disciplinary action involving physical punishment or any form of treatment that could reasonably be considered as degrading, cruel, frightening, humiliating or discriminatory.

6. Adhering to professional role boundaries

6.1 All persons involved in our sport should not, of their own volition or at the request of a service user, act outside the confines of their duties (as determined by their role within the Club) when involved in our sport.

6.2 Without express authorisation from a Nominated Supervisor, all persons must not:

- (a) provide unauthorised transportation to a Child or Young Person (see Transporting Children for further information);

- 7.2 All persons are required to avoid one-to-one unsupervised situations with Children and Young People in our sport, and (where possible) to conduct all activities and/or discussions with Children and Young People in view of other colleagues or personnel.

8. Use of electronic or online communications

- 8.1 All email, text messages and other messages sent to a Child or Young Person should be copied to their parent or guardian. Where a parent is not included in the communication:

- (d) do not request a Child or Young Person to keep a communication a secret from their parent or guardian; and
- (e) do not request 'friends', 'follow' or communicate with Children or Young People using Facebook, Instagram, Twitter, Snapchat (or other social networking sites), Internet chat rooms or similar forums, game sites or instant messaging.

11.4 *Attending to an injured or unwell Child or Young Person*

- (a) Only persons who are qualified in administering first aid or treating sports injuries should attempt to treat an injury.

14.5 Further, where it is not possible for a parent or guardian to provide this form in advance, the parent or guardian should send a text message and/or email to the Team Coach, Team Manager and the Association or a Nominated Supervisor providing such approval. This approval should be documented by the Association or a Nominated Supervisor.
